## Lumin PDF

In April 2019, the PDF management service [Lumin PDF](#) suffered a data breach. The breach wasn't publicly disclosed until September when 15.5M records of user data appeared for download on a popular hacking forum. The data had been left publicly exposed in a MongoDB instance after which Lumin PDF was allegedly been "contacted multiple times, but ignored all the queries". The exposed data included names, email addresses, genders, spoken language and either a bcrypt password hash or Google auth token.

### Compromised data:

- Auth tokens
- Email addresses
- Genders
- Names
- Passwords
- Spoken languages
- Usernames
